# KISSEL CAR

## The ALL-YEAR Car Week

You are cordially invited to attend this unique exhibition

September 25 to October 1

### Starts in Washington Tomorrow

The curtain is about to go up! The ALL-YEAR beauties are here and having their final rub-down, so that at 9 A.M. Monday everything will be ready for your inspection.

The ALL-YEAR Car, Kissel's original "two-in-one" idea, changed the motoring habits of a nation. It is a wide open roofless touring car in the summer, a luxuriously upholstered closed coach in the winter.

No shoddy work here—no crude overlapping of top—no rattling, no unsightly fastenings. ALL-YEAR Tops are built-in—not on—to the lower body; a smooth, graceful dovetailing of the two body-units.

Come! We want you to compare these models with the other so-called convertible types. You will appreciate Kissel supremacy once you see these new models.

### The Hundred Point Six

The car of a Hundred Quality Features—every one vital to service and satisfaction. ALL-YEAR Touring-Sedan, Roadster-Coupe and Victoria-Town Car are mounted on the famous Hundred Point Six chassis. Prices, \$1520 to \$1850. Open touring and roadster bodies without the ALL-YEAR feature, \$1095—\$1195.

The entire top—roof and all—is removable, insuring the obvious advantage of a wide-open, roofless car in summer. The top FITS IN—not on. No crude overlap at the joining point—no projecting fastenings inside or out to mar its appearance.

**The ALL-YEAR Car—Detachable Town Car**  
Top mounted on HUNDRED POINT SIX Five-Passenger Gibraltar Victoria Body and same car with Victoria Top. Price complete \$1850.

**The ALL-YEAR Car—Detachable Coupe**
